

## Who's Got Our Back?

Our Center has a local Advisory Council comprised of community representatives, parents, students and school personnel. Meetings are open to the Public and are held every other month. All are welcome. Please contact the Center for meeting details.

Mustangs Youth Services Center is staffed year-round by a full-time Coordinator and Office Assistant. We could not serve in the capacity that we do without the support of our community and the work of our volunteers!

THANK YOU!

# Family Resource & *Youth Services Centers*

The Department of Family Resource and Youth Services Centers was initiated as part of the Kentucky Education Reform Act (KERA) of 1990, with school-based centers created to address the needs of children and to enhance student's abilities to succeed in school. This is accomplished through partnerships, program development, academic achievement, graduation, career planning, physical/mental well-being and successful transition into adult life.
